Description :

Prsentation de l'diteurThis delicious story collection brings together a cast of characters from both sides of the Atlantic. All of them share a genuine delight in good food, and each of their stories captures a moment when love is found, lost -or rejected.Perceptive, touching, and witty, Jocelyne Rapinac's tales prove beyond doubt that eating well and love can both bring great joy to life.And for those readers whose mouths start to water as they read, the author has included the recipes for every dish mentioned. Bon appetit!Revue de presseAn innovative debut ... a love letter to food --New BooksHow often have you read a book where a meal or a dish is so exquisitely described you think how nice it would be to give that a try? --French Village DiariesI thoroughly enjoyed reading this great, feel-good novel; filled with cooking and eating delicious,

beautifully prepared food; sad love break-ups and joyful make-ups. All the ingredients I could wish for. --
