Description :

Prsentation de l'diteur Guiding the Gifted Child has been called the "The Dr. Spock book for parents of gifted children" and is a classic in the field. Translated into several languages, this book won the National Media Award of the American Psychological Association, and has sold over 100,000 copies. The intensity, sensitivity, and other unique social and emotional characteristics of gifted children can put them at risk for problems. Guiding the Gifted Child provides extensive practical information for parents and teachers about

gifted children. Topics include: communication of feelings, motivation, discipline, peer relations, sibling relations, tradition breaking, stress management, depression, and parenting strategies.
