Description :

Prsentation de l'diteurFrom Darren Aronofsky - the acclaimed director behind such critically acclaimed films as Pi, Requiem for a Dream, Black Swan and Noah. The Fountain follows Thomas as he feverishly travels through three distinct eras: as a 16th century conquistador battling a fierce Mayan army, as a present-day scientist searching for a cure for his wife's mortal disease and as a future explorer seeking to uncover the secrets of a dying star. The Fountain graphic novel is a sister-project to the film, which is released by Warner Bros. Pictures and Regency Enterprises and stars Tony-Award-winner Hugh Jackman (The Boy from Oz, X-Men) and Oscar-winner Rachel Weisz (The Constant Gardener, The Mummy). Using the same story as its seed but stretched instead upon the limitless canvas of the comics medium, the graphic novel provides an insider's accompaniment to the movie, providing perhaps the ultimate "director's cut."Prsentation de l'diteurFrom Darren Aronofsky - the acclaimed director behind such critically acclaimed films as Pi, Requiem for a Dream, Black Swan and Noah.
